August 28, 2017

To whom it may concern,

Kaitlyn Brouwers began working with us at Cosmo Music part-time in August 2011 and later full-time April 2015 ending in April 2017.

Her primary tasks as Product Page Manager was to enrich our product details to enable us to sell them online. Cosmo Music adds over 2,000 new items per month to its over 100,000 active items; Kaitlyn was invaluable at leading our effort to ensure images, titles, descriptions, and specifications were sourced and added to our various product updating workflows. Cosmo Music sells guitars, band and orchestral instruments, pro audio gear, drums and percussion, keyboards and pianos, print music, and vinyl LPs; Kaitlyn was able to cover a working knowledge of this diverse range of items from over 1,700 brands.

Kaitlyn works well independently and within a team environment. Her patience and thoroughness in training other staff was an asset to our team. Kaitlyn's attention to detail will surely provide her success in future endeavours.

If you require any additional information please feel free to contact me.
